

Week 1 Focus – VISION

Focus Question: What's Your Vision? What's possible for you and your business?

DESCRIPTION

It all begins with a vision. One year from now, what do you want your business to look like? Where do you want to take your business in the next 52 weeks?

ACTIVITY

The Vision Questions – Page 95 (CBB) and Page 99 (PDT)

Use these questions to reconnect with your vision. Write it out, play with it. If you have a vision, capture it in a different way. In coaching we talk about structures. What is the structure that will make this visible to you on a regular basis Is there a model? A collage, a series of photographs?

Related Blog Post: Creating Your Vision

I've written quite a bit on creating your vision with different blog posts many which can be found via: <https://www.potentialsrealized.com/apps/search?q=creating+your+vision>

New Resource - Working with Vision Team Tool

If you have worked with vision before, here's a new resource you might be interested in. Giving people the opportunity to work through tools and resources with a smaller frame can help with focus, conciseness and integration.

Starting in late 2017 I created a one-page vision map for teams to work through. This can also work for business owners. Giving a time window of focused time prompts (for example 5 minutes) to work through each of these questions:

- What's your vision?
- Who do you need to support you?
- What are key goals along the way?
- What skills, strengths and talents will support you?
- What could get in the way?
- What else can help you?

Map out your journey. What are you going to do in the next ____ (24 hours, week, month....)

Team Session Worksheet

Use this worksheet as we move through the exercise as a team:

What's your Vision?	Who Do You Need to Support You?	What are key goals along the way?
What skills, strengths and talents will support you?	What could get in the way?	What else can help you?
Map out your journey		What's the next step you are going to take in the next ____ (24 hours, 1 day, 1 week, 1 month)?
